

# How to Subscribe your Reserva Room Sign to an NTB or CMS

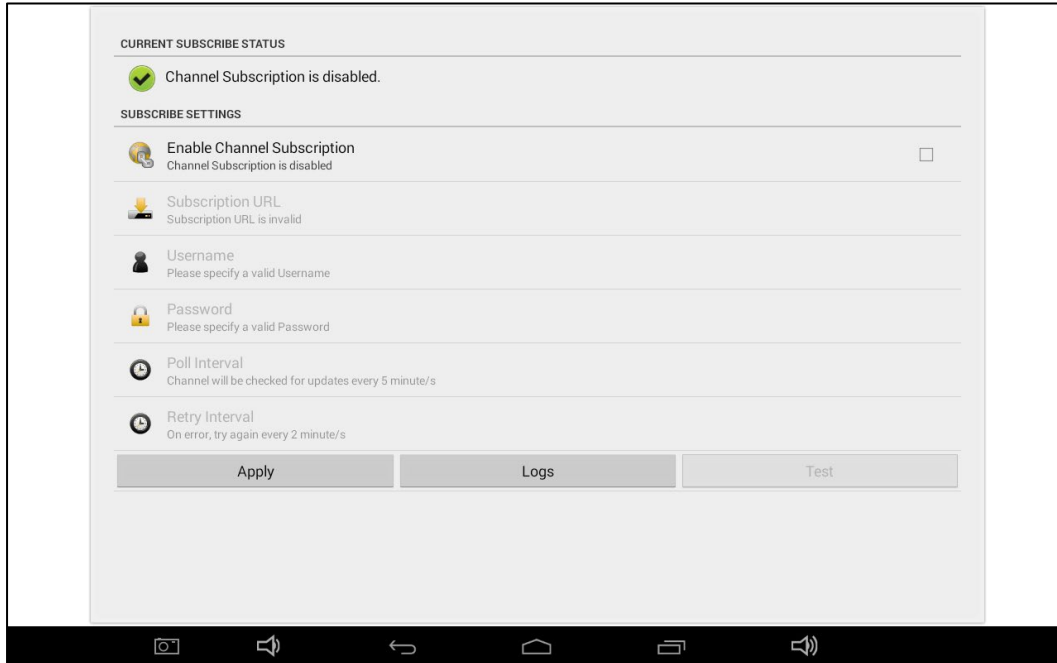

You will need to create a channel on your NTB or CMS.

1. Download the Reserva Room Sign update – layout package from [reservaroomsigns.com](http://reservaroomsigns.com).
2. Import the layout package as per the instructions in **How to Upload a Layout Package to your NTB**.
3. Create a channel using the resulting layout. The layout for this channel should be a single HTML zone.
4. To subscribe your Reserva Room sign to the NTB or CMS, access the **Player Management** menu by tapping the top left-hand side 5 times and enter your access code.

**Note:** The default access code is 9999. Please contact ONELAN support ([support@onelan.com](mailto:support@onelan.com)) if you are unsure of your access code.

5. Tap **Subscribe from Network**.
6. On this page, tap **Enable Channel Subscription** to tick the checkbox.

7. Tap **Subscription URL** and enter the URL of the NTB or CMS you wish to subscribe to with the relevant channel appended. For example, `https://[your CMS].domain.co.uk/channel/2`.
8. Enter the relevant **Username** and **Password**.
9. With the relevant information entered, tap **Apply**.
10. Tap **Launch Landing Page** and to resume playback.
